Ambir Technology Scanners Now Certified with NEAT Expense Management & Bookkeeping Software

NEAT Certifies Ambir's PS600-AS, DS490-AS and DS820IX-AS Scanners

Chicago, IL – July 9, 2018 – NEAT has certified Ambir's popular and robust PS600-AS, DS490-AS, and DS820IX-AS scanners to work with their NEAT Expense Management and Bookkeeping Software.

Ambir Technology, the global leader in sheet-fed and ADF scanner products, and NEAT, a pioneer in expense management and bookkeeping software, have announced the certification of Ambir scanners with NEAT's software. This pairing brings NEAT customers a reliable scanning solution for receipt and document capture. Versatile Ambir hardware delivers outstanding performance, value, and longevity. NEAT software and Cloud services bring flexibility, functionality, and processing capabilities for businesses of all sizes.

Scanning receipts, documents, and invoices has never been easier with the capable software and durable hardware of this pairing. Users can securely capture, access and store their information in an organized and completely digital manner.

Both the TravelScan Pro 600 simplex document scanner and the ImageScan Pro 490i duplex document scanner require only a USB connection to work. They are small enough to fit in any laptop bag or desk drawer. The ImageScan Pro 820ix high-speed automatic document feeding scanner (ADF) elevates performance while scanning 20 pages per minute. It is an efficient and cost effective scanner for digitizing receipts, single documents or stacks of paper.

"We are very excited about being a Certified Hardware Partner for NEAT which has been a leader in expense management and bookkeeping solutions" says Jason Case, Vice President of

Business Development for Ambir Technology. “The pairing of Ambir scanners with the NEAT software and cloud services provides customers a versatile, durable and easy to use scanning solution that tackles receipts, invoices, and other critical documents for businesses of any size.”
